Dear friends,

Thank you to everyone for supporting the activities of Orphans' Future Foundation in 2020!

For the first time in 14 years of our activity, the implementation of the planned programs and projects of the fund has faced challenges related to the COVID 19 pandemic. This caught us all by surprise in 2020. Nevertheless, thanks to your support, we have focused our efforts and resources on helping needy graduates of orphanage boarding schools.

The Orphans' Future Foundation team must be confident that orphanage graduates aged 16+, in a difficult period of life, feel supported and have access to the necessary resources for development, training and their own well-being; have enough food and a roof over their heads; and most importantly, feel confident in tomorrow, and the future in general.

But despite the difficulties of 2020, we have seen many positive changes.

Immediately after returning from the United States in January, where I spent a vacation with my foster family, Tim and Carline Lois, I organized a fundraising activity for the 2020 projects. For the first time, and without experience, we installed two greenhouses (64 sq.m.) and started growing our own vegetables and salads. We made a long-awaited and important move of the Ternopil Resource Center for Orphans to a new location. Now we can better help orphanage graduates. We helped to provide cars for two incredible local foster families who care for orphans and 15 orphaned students were provided with nominal scholarships.

My personal achievement, and at the same time a great challenge during 2020, was a charity race. I ran for 280 km under the #280km28days28000hryvnia, for 28 days. This effort attracted 33 Ukrainian philanthropists and 30,000 hryvnias for the maintenance of the Resource Center for Orphans in 2021.

With the Foundation's team, we trust in 2021 you will continue to support our cause us by supporting our projects and programs. Those activities really change the lives of orphans, children and youth who are deprived of parental care.

We are proud to share with you our annual report for 2020.

Our mission:

We provide opportunities for development and successful life for children and young people who grow up without parental care.

Vision:

Every child grows up in a family environment and has the necessary skills for independent adult life.

Our Values:

Security, Prosperity, Development, Personality, Belief in the best.
